

## General Education • Advising Guide • 2018–19

General Education courses are a required part of all BA, BS, and BFA degree programs and comprises a minimum of 54 of the 180 credit hours necessary for graduation. These courses prepare students for advanced study in their academic majors and helps students develop a foundation of basic knowledge necessary for a more successful personal and professional life.

General education and degree requirements for the Bachelor of Music (B.M.), Honors Program, and Applied Baccalaureate (A.B.) may be found in the WOU Course Catalog. Completion of graduation requirements is the responsibility of the student.

It is critical that students consult with their academic advisor as they select general education courses. Many majors and minors have prerequisites or suggestions for coursework. Courses completed as part of the general education requirement and/or BA/BS/BFA requirements may also be used to fulfill requirements within a student's major or minor program—refer to your advisor. Transfer students who have not completed an approved transfer degree should meet with an advisor in Student Success and Advising. Exceptions to the following requirements may be an option.
