# Early Action Interventions & Timeline

SSA sends progress report requests for high promise students who may need some additional early outreach and/or academic support.

Faculty may also submit [Early Action Notifications](#) for any other students who may benefit from some extra outreach and support.

Withdraw deadline is Friday of week 7. Make sure your students are aware of their academic progress in the class, including whether they are at risk of receiving a D or NC grade.

Students who do not attend or participate in a class at least once during the first two weeks of the term will be administratively dropped from the class by the Office of the Registrar. The student's permission is not required when dropped for this reason. Students must notify faculty of any situation that may prevent class participation during the first two weeks.\*

NCAA required Progress Reports are sent out for all student athletes. Those marked at risk of failing receive an Early Action Notification.

Please note faculty will not be asked for duplicate progress reports for athletes for whom a previous progress report exists.
