

This is the data from current students enrolled in the IDS Major. I pulled data using the three focus columns on our worksheet. I have also included the 16 students who currently want to have a Minor within the BA/BS degree. From the meeting yesterday afternoon, this reflects the top two focus areas students choose; Social Sciences and Humanities, with Health/PE close.

Data run

FALL 2017

10/25/2017
