

- Committee on Committee: UPDATE. Four faculty were nominated. A fifth FSEC representative was selected by the Committee. FSEC voted to approve the Committee on Committees, that we would share with them any relevant information that the FSEC has, and encourage them to determine and discharge their work as they prioritize it and see fit. The FSEC hopes they will consider, in no specific order and among other related topics: committee charges; role of ARC; committee membership practices; committee meeting days and times; service workload discrepancies.
  - G Keulks: Humanities
  - L Merrill: NSM
  - M Landon-Hayes: DEL
  - S Baker: Library
  - C Gabaldon: FSEC
- Faculty Research Symposium. Goal is to break down research silos, encourage greater familiarity among faculty of their peers' work, and encourage research community.
