Dear Colleagues,

We are writing today, because we would like to thank all of our faculty colleagues across campus who have supported and continue to support the interpreting studies programs and faculty. Though, WOU administration is pursuing professional doctorates only, we believe that the doctoral degree in Interpreting Studies would fill a critical gap in our discipline and the MAIS graduates want options. We are looking to other universities and colleagues to find a place for this unique degree opportunity.

We welcome your ideas, suggestions, and experiences with collaborating or partnering with other programs and universities. We are interested in learning from the experiences of those faculty involved with the OHSU/WOU inter-institutional collaboration.

Thank you, again, for all of your support.

Sincerely,

Elisa Maroney, Professor

Amanda Smith, Professor
