

Provost Winningham Faculty Senate Report

July 11, 2019

1. We have put common syllabi statements on the provost website, under teaching resources: <http://www.wou.edu/provost/teaching/>

Moving forward the Associate Provost for Academic Effectiveness will keep this updated.

2. The search for a Dean of Graduate Studies and Research is underway. Dr. Linda Stonecipher is currently serving as Interim Dean of Graduate Studies and Research.

3. We are moving forward with athlete priority registration as recommended by Faculty Senate. I suspect that will be available this fall for Winter 2020 registration.

4. New faculty letter went out two weeks ago. I will share this with division chairs during our training on July 23rd, as it may be helpful for onboarding new NTT faculty.

5. There will be a Celebration of Life for Dr. Joel Alexander 1:00-3:00pm on Saturday August 17th in the Pacific Room.
