About Western Oregon University:

Western Oregon University is a regional public, mid-sized university – committed to changing lives, strengthening communities and transforming our world. Located in Monmouth, the heart of Oregon's lush Willamette Valley, WOU is about 20 minutes from Salem, the state's capital and about 75 minutes from Portland, the state's cultural hub.

Western is one of Oregon's oldest public institutions of higher education and was incorporated into the state system as a teacher training institution in 1882. The university offers undergraduate and graduate degrees in arts and sciences, education and professional areas. It's known for small class sizes, a focus on sustainability and a diverse liberal arts education in a student-centered environment. Western is a Hispanic Serving institution, with over 40% of undergraduates being students of color.

Position Summary:

The primary focus of this position is on HVAC and refrigeration maintenance and repair. The HVAC (Heating Ventilation Air Conditioning) CONTROL TECHNICIAN uses knowledge of pneumatic and electrical/electronic controls to perform skilled work installing, altering, calibrating, repairing, and maintaining HVAC control systems, building automation control systems, and energy management control systems to ensure safe and correct environmental and ecological conditions in State buildings. Employees in this class perform corrective and preventative maintenance to HVAC systems within the agency including, but not limited to, heat pumps, chillers, mini-splits, RTU's, condensate drains, line-sets and other related equipment or components.
