

IFC~ACCESS

FY 21

Your student fees at work.

ACCESS

- What does the Office of Disability Services do?
- Who does ODS serve?
- Federal laws including-ADA/Rehabilitation Act
- How some other universities manage access for student fee areas
- ODS has two main funding sources-IFC & General Funds

ACCESS

- Funding required to ensure IFC funded areas are accessible to people with disabilities
- Provide accommodations, upon request
- Any funds not used for accommodations in the FY 21 will go back to the IFC reserve
- If there is an unexpected increase, any financial needs beyond the allocated amount will come from the reserve

ACCESS

General Fund provides access for:

- Classroom
- Public access

IFC Fund index provides access for:

- IFC- provides access for IFC Funded areas
- ODS wants to work with IFC funded areas to help improve access for all clubs, organizations and other funded areas

PROPOSAL

Change the way IFC manages the Access budget.

- Access would present in the beginning of the budget cycle each year
- Access representative would no longer participate in the remaining of the processes required for area heads.

REASONING:

- Access is required by multiple federal laws
- Access budget is used on required accessibility needs
- Remaining funds, if not fully used will return to the IFC reserve
- If projected needs are more than what is projected, IFC would need to use IFC reserves
- Save time and energy for everyone (sub committee reports, budget presentation, discussions regarding access budget in the budgetary process- just to name a few)

PROJECTED ACCESS BUDGET FY 21
