

WOU
MUS 371 ORCHESTRATION
TRANSCRIPTION 1

On the manuscript below, transcribe (write out the notation to) the woodwind parts from the audio file “TRANSCRIPTION 1” that can be accessed from the class website (<http://wou.edu/las/creativearts/music/MUS371.php>). Although you must complete the transcription on your own, you may use an instrument to obtain correct pitches (and correct octaves). The example fluctuates in tempo, so (in addition to accurate notes and rhythms) you must also indicate time signature, clef(s), phrasing (breathing and articulations), dynamics, and tempo changes. You do not need a key signature. Listen to the example a few times before you try and transcribe it so that you can get a feel for the tempi and time signature. Penmanship counts!!! You will only need a single staff to complete the transcription, but please mark which instrument is playing at each point that a new instrument enters. This worksheet is available on the class website.
