

Step-by-Step Guide

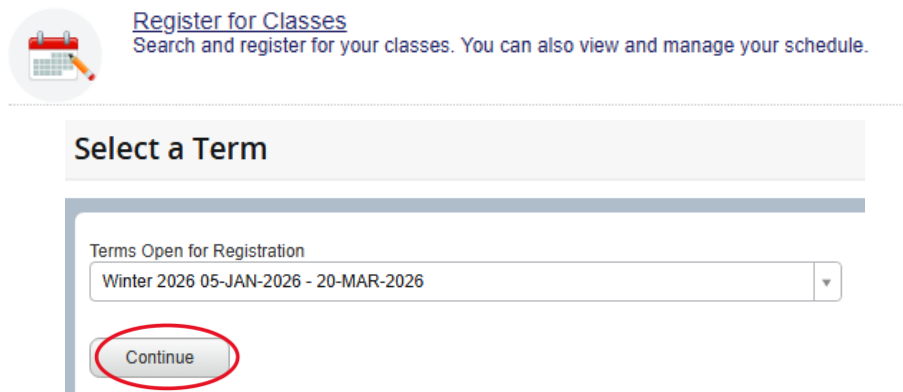

How to Waitlist a Lab or Recitation

Important Note: When a Lecture has a corequisite (e.g., Lab/Recitation), **only the Lab or Recitation** section will utilize the waitlist. The Lecture section itself does not maintain a waitlist.

From your student **Portal**, open **Experience**, navigate to the **Registration Menu** card, and then click **Register For Classes**.

In the **Registration** area, click **Register for Classes**, then **Select a Term**, and click **Continue**.

Utilize the available **search criteria** (e.g., subject, course number) to search for your desired classes.

If the lab/recitation class is **full**, the **Status** column will reflect **Full: 0 of [Total #] seats remain**.

To join the waitlist for the full lab/recitation, click **Add** for your preferred Lecture section (e.g., BI 134) and then click **Add** for your preferred Lab/Recitation section (e.g., BI 134L).
