

Advancing STEM Careers by Empowering Network Development

Sarah Kirk, Chrystal Bruce, Maria Bertagnoli, **Patricia Flatt**, Liz Roberts-Kirchhoff, and Hala Schepmann

Support Midcareer-Level Women in STEM

- Recruit 60 – 75 Women Faculty and 12 – 15 University Administrators to create three regional cohorts (each cohort will have 24 – 30 participants)
- Provide individual support for women faculty participating in the alliances
- Provide a mechanism for institutional awareness and change to create a more inclusive environment

What Does Participation Look Like?

- Annual Regional Meeting
 - Speakers
 - Workshops/Activities
- Monthly Alliance Zoom Meetings

For Women Faculty – Provide Resources to improve their effectiveness as teachers, researchers, and leaders within their communities

For Administrators – Provide resources to help identify and mitigate institutional barriers encountered by underrepresented STEM faculty

Dr. Katrina Hutchins, author of “The Voice Positioning System”
